

Ultimate Fat Burner • Extreme Energy Complete Body Management System

REV-X 5000 BURN

Rapid Weight Loss - Maximum Strength

Want to lose a few pounds or a lot? If you are serious about taking off weight and targeting fat in the most stubborn areas - belly, hips, thighs, buttocks - REV-X 5000 is the product for you!

Timed-Release
Ephedra
Extract

REV-X 5000 BURN is a powerful thermogenic formula that contains **25 mg of timed-release ephedra extract** plus a proprietary stimulant blend of amazingly potent alkaloids from *Acacia rigidula*.

Whether you want to simply transform your body into a leaner, more attractive one or you want to help control your appetite and keep the weight off, REV-X 5000 is the right move to strip away fat and feel great all day!

This advanced fat burner technology is a maximum strength combination of natural herbs and lipotropics specially patented as a 3-way fat burning system that not only helps you burn away fat, but the unique formula also helps to control sugar cravings and regulates appetite.

The unique REV-X 5000 BURN product was formulated out of a strong necessity for a genuine, non-prescription weight loss supplement and the technology is unmatched by any other weight-loss or fat burner product currently available.

Thanks to modern science and proprietary nutraceutical expertise, Pro Image has mastered the specifics of the benefits of ephedra constituents, other than ephedra alkaloids, which have been isolated, extracted and standardized to create our ephedra extract. When coupled with the phenylethylamine alkaloids from *Acacia rigidula*, you get a thermogenic (fat-burning) effect unlike anything on the market today.

Phenylethylamine alkaloids are the cleanest stimulants ever produced and phenylethylamine is found in chocolate and is responsible for effecting

mood, appetite, and a sense of well-being. REV-X 5000 BURN is just what you need to lose weight and increase energy!

Pro Image International's ephedra extract does not violate federal or state law on ephedrine-containing dietary supplements. It has been tested and cleared by the FDA and is not subject to any ban on ephedrine alkaloids. Try REV-X 5000 BURN and watch the inches melt away!

REV-X 5000 FUEL

Revolutionary Premium Protein Formula

REV-X 5000 FUEL is a truly revolutionary Anabolic/Anti-Catabolic Protein for today's fitness needs. It is scientifically fortified with our Nitrogen Recovery System and has been shown to maintain nitrogen balance, accelerate muscle recovery, and help build muscle.

Researchers stumbled upon much of the technology used in REV-X 5000 FUEL while studying research on burn patients, whose lives depend on assimilation of protein and positive nitrogen balance. People who have been badly burned spend months in an "inactive" state and in a highly "anti-catabolic" environment.

REV-X 5000 FUEL delivers 40 grams of protein per serving in an instant absorption and time released fashion to ensure that you utilize it all through a constant supply of blood plasma protein.

REV-X 5000 FUEL is instant, delicious, easy to use and versatile! Use it as a maximum strength protein supplement to increase your daily protein intake, or as a high-protein, low-carbohydrate meal replacement drink.

It is also formulated with the perfect 3 to 1 protein to carbohydrate ratio and includes the vital vitamins and minerals required to turn food to energy and for tissue growth and repair.

REV-X 5000 FUEL ensures you're getting an entire system for measurable results! There isn't another protein supplement available that can compare to REV-X 5000 FUEL and the results, the look and the feel you will experience every single day!
